

Leo Maynard-Zhang

Paul G. Allen School of Computer Science & Engineering

leomayn@cs.washington.edu

leomayn.github.io

RESEARCH INTERESTS

Reinforcement Learning, Bandits, Machine Learning Theory

EDUCATION

University of Washington

2023 - Present

- B.S. in Computer Science

RESEARCH EXPERIENCE

Undergraduate Researcher

June 2023 - Present

Paul G. Allen School of Computer Science & Engineering

- Research in Linear Bandits, RL with function approximation, and RLHF, advised by Simon Shaolei Du.

RELEVANT COURSEWORK

Linear Algebra, Vector Calculus, Discrete Math, Proofs, Differential Equations, Probability

VOLUNTEERING

Library Tutor - Tutor K-12 students in all subjects.

Library Tech Help - Help those facing issues with their computers.
